

Safeguarding Statement

May | 2022

Responsible Committee: Clinical Governance

Date Effective: May 2024

Author:

Supersedes: New statement

Next Review Due: May 2026

Version Number: 1.2

Comments (details of change):

Our Commitment to Safeguarding

SELDOC has been providing quality healthcare, looking after NHS patients, for nearly 30 years. We recognise our statutory responsibility to protect these patients from harm through our dedicated teams and robust safeguarding processes.

We are committed to ensuring that appropriate and timely action is taken, wherever potential harm is identified. We care about all of our patients and appreciate the importance of our safeguarding work in particular for those who are most vulnerable.

The statement was approved by the board of directors.

Steven Pink, Director
SELDOC
